# How to use:

These checklists are a great way to help your kids keep track of their daily tasks (and easy for you to see at-a-glance if everything is getting completed!).

Let your student pick out their favorite design for their checklist. You can print one out for each week & put it in the front of a binder or planner; another great option is to laminate it or stick it in a page protector and use a dry-erase marker!

List out the tasks you would like your kids to complete each day. Most likely this will be school work or subjects, but you can also include chores (and really anything that needs to be completed each day).

Use the space at the bottom to track things that might not be done every day, but you still want your kids to get into a good habit of doing them!

## Pro - tip:

My kids know that they must have their daily tasks completed (including chores!) in order to earn electronics that day.
